1. Overview of your portal account

Log in to your portal by accessing: <https://portal.caa.co.uk/>

Once you have logged in to your portal account, you should click on 'Your Services' on the left-hand side and select 'Flight Crew e-Exams and e-Licensing' from the list.

This will log you in to e-Licensing. Your portal account is set out like the image below. All of the navigation options are on the left-hand side.

My Account

- My Profile: Overview of contact details
- My Orders: Summary of applications/exam bookings. Can view and print receipts.
- My Bookings: Summary of exam bookings made
- My Licences & Ratings: Summary of licences & ratings held & applied for. Can make applications here
- My Licence Products: Apply for change of personal details, English Language Proficiency or replacement licence
- My Documents: View or upload documents
- My Experience: Your medical status, your ELP and experience you have entered as part of an application (such as flying hours)
- My Results: View exam results
- My Memberships: View, request or cancel relationships with ATOs
- Transaction History: Summary of payments and available funds. Can add funds here and download statements.

My Licences & Ratings

Below is a list of your licences. Click on the next to any licence for more details. If you have any enquiries related to your licence(s) then please [contact us](#).

Number	Licence	Applied	Expires	Status
GBR.FCL.AT.ASPEQ4047.A	ATPL (Aeroplane)	19 March 2019	Never	Active
49559	JAR ATPL (A)	19 March 2019	19 March 2024	Active

2. Managing memberships with ATOs

Establishing a membership with your training organisation or employer allows that organisation to view your licence details, upload documents on your behalf, make and pay for licence applications on your behalf and view the application progress.

During registration, you are required to specify the Approved Training Organisation you are affiliated to. This is optional – you can select ‘no ATO’ if you do not want to share your records with anyone.

If you do select an ATO, the organisation will receive a notification to advise them of the request. They will need to approve the request to confirm the membership.

Organisations can also actively offer membership to you. If this happens, you will need to approve the request in the same way.

You can view any ATO memberships by clicking on ‘My Account’ and then ‘My Memberships’.

Please note that you can only be a member of one ATO at a time, and therefore you should select your main training organisation/employer.

2.1 Requesting membership

To request membership of an ATO, click on ‘My Memberships’ and . Select your chosen ATO from the drop-down menu and click ‘Select Membership’.

If you selected ‘No ATO’ during registration, you will need to cancel this “membership” before you can request a new one.

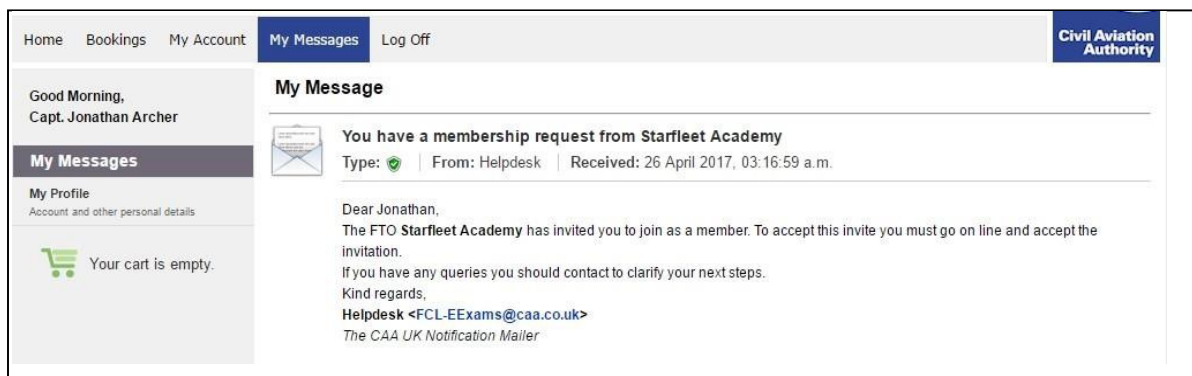

Please note that you cannot book into an exam session until your ATO membership is validated by your training organisation.

You do not need to be affiliated with an ATO in order to use e-Licensing. However, your ATO will not be able to assist you in the application process unless you connect with them.

2.2 Approving/Rejecting membership requests

If an ATO requests that you become a member, you will see this in the 'My Memberships' section of your portal. Clicking on the  you will be able to 'Accept' or 'Reject' this request.

You will receive a notification if there is a membership request to approve.

The 'State' will change from 'Requested' to 'Approved' when confirmed by you.

2.3 Cancelling an ATO membership

Memberships can be cancelled at any time by either party.

To cancel an existing membership:

- Click on 'My Memberships'
- Click on the red flag
- Click 'Continue' to confirm.

Note: You will receive an alert of any membership requests, membership modifications (permissions) or membership cancellations in your Inbox.

3. What can you apply for in e-Licensing?

Currently, e-Licensing can only be used for commercial pilot licensing applications.

We are only in our first phase of e-Licensing and therefore not all applications can be made using the system.

The table below shows what applications can be made using e-Licensing.

Applications that CAN be made in e-Licensing	Applications that CANNOT be made in e-Licensing
Change of details	Private licences
Replacement licences (lost/stolen/damaged)	UK national licences
JAR > UK Part-FCL conversion	Validations
Instrument ratings	Verifications
Class ratings	Exemptions
Type ratings	Applications based on holding an ICAO licence
Instructor certificates (except FTIs, SFIs)	Applications based on military experience
CPLs	FTIs
ATPLs	SFIs
	Examiner privileges
	MPLs
	Bridging: Aeroplane to Helicopter or vice versa

Those applications that are not available on e-Licensing should be made using our paper forms.

Note: Once a pilot makes an application and receives a new licence through e-Licensing, they must use e-Licensing for all future applications. Paper applications will be cancelled and the pilot asked to apply via e-Licensing.

4. Licences

You can view your licence(s) in the 'My Licences & Ratings' section of your portal.

This will list all licenses and licensing privileges you hold with the UK CAA. You can only amend the highest level of licence you hold, which will be highlighted in bold.

Apply For New Licence
 Validate Licence
 Convert Licence

If you hold both an EASA and a national licence, or an EASA and an expired JAR licence, these will appear on separate lines. So your ATPL(A) - for example - would appear twice. The EASA licence will be highlighted in bold.

Only EASA licences can be amended using e-Licensing. For national licences, you will need to apply using our paper forms.

There are three options underneath the list of licences.

Verifications – not yet available

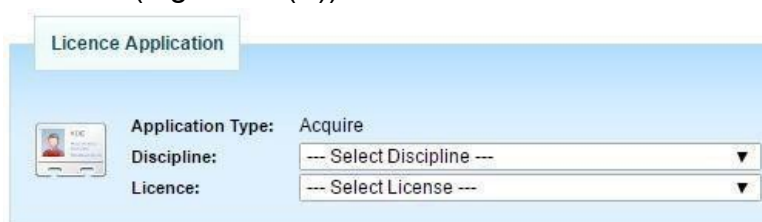

JAR > EASA conversion

4.1 Applying for a Licence

Before you make an application: the validity of any ratings that have been signed up in the field must be updated manually (see section 5.1).

To apply for a new licence, select 'My Licences & Ratings' and 'Apply For New Licence'.

In the Licence Application box, select the 'Discipline' (e.g. Flight Crew Licence) and 'Licence' (e.g. ATPL(A)).

The screenshot shows a 'Licence Application' form with a light blue background. On the left, there is a small icon of a pilot's licence. To the right of the icon, the form contains the following fields:

- Application Type: Acquire
- Discipline: -- Select Discipline --
- Licence: -- Select License --

Depending on the type of licence you are applying for, you will be asked to complete a number of requirements specific to that licence.

For information on what documents need to be uploaded, please visit our e-Licensing webpage at www.caa.co.uk/e-Licensing. Click on the 'Pilots' tab on the left-hand side. Then under 'Documentation', click on the type of application you are trying to make.

Once you have confirmed, uploaded or updated all the information requested for the licence application, click 'Refresh'. The system will crosscheck all documentation available to confirm eligibility.

Once confirmed (all requirements listed are in green and no other warning messages are visible), the 'Submit Application' button will appear.

Once you have clicked submit, you will be asked to choose your chosen shipping method. This will allow you to choose between second class post or tracked courier.

You will then be prompted to proceed to the payment.

4.2 Example CPL Application

Examination Results

-  **10AA: 010 Air Law**
A passing grade of 75% or more is required, you have not attempted this exam
-  **21AA: 021 Airframe/Systems/Power Plant/Electrics**
A passing grade of 75% or more is required, you have not attempted this exam
-  **22AA: 022 Aircraft General Knowledge - Instrumentation**
A passing grade of 75% or more is required, you have not attempted this exam
-  **31AA: 031 Mass & Balance**
A passing grade of 75% or more is required, you have not attempted this exam
-  **32AA: 032 Performance (Aeroplane)**
A passing grade of 75% or more is required, you have not attempted this exam
-  **33AA: 033 Flight Planning and Monitoring**
A passing grade of 75% or more is required, you have not attempted this exam
-  **40AA: 040 Human Performance and Limitations**
A passing grade of 75% or more is required, you have not attempted this exam
-  **50AA: 050 Meteorology**
A passing grade of 75% or more is required, you have not attempted this exam
-  **61AA: 061 General Navigation**
A passing grade of 75% or more is required, you have not attempted this exam
-  **62AA: 062 Radio Navigation**
A passing grade of 75% or more is required, you have not attempted this exam
Any of the following would also be accepted as a substitute to this requirement:
- or**  **62AA-PBN: 062 Radio Navigation including Performance Based Navigation**
A passing grade of 75% or more is required, you have not attempted this exam
-  **71AA: 071 Operational Procedures**
A passing grade of 75% or more is required, you have not attempted this exam
-  **81AA: 081 Principles of Flight (A)**
A passing grade of 75% or more is required, you have not attempted this exam
-  **91AA: 091 VFR Communications**
A passing grade of 75% or more is required, you have not attempted this exam
-  **92AA: 092 IFR Communications**
A passing grade of 75% or more is required, you have not attempted this exam

If you sat and passed exams in the UK, your results will populate here in green. You cannot submit the application if you have not passed all required exams.

If you sat your theoretical exams abroad, you will need to email confirmation of your exam results (from the competent authority) to FCLweb@caa.co.uk so that we can update your exam records.

Experience

 **English Language Proficiency**
No evidence available.
Any of the following would also be accepted as a substitute to this requirement:

or  **English Language Proficiency**
No evidence available.

 **CPL (A) Integrated with Instrument Rating Flying Experience**
No evidence available.

If not already held, you will need to upload confirmation of your English Language Proficiency testing.

You will also need to fill in your flying hours.

Documents

 **random (CPL (A) Skill Test)**
Not yet verified, never expires.

 **Test (Instrument Rating (A) Skill Test - Multi-Engine)**
Not yet verified, never expires.

 **CPL (A) Instrument Rating Integrated with ATPL Theoretical Knowledge Course Completion Certificate**
No evidence available.

 **Multi-Crew Co-operation Course Completion Certificate**
No evidence available.

 **Flight Radiotelephony Operator's Licence**
No evidence available.
Any of the following would also be accepted as a substitute to this requirement:

or  **Flight Radiotelephony Operator's Licence**
No evidence available.

You will need to upload supporting documents. The relevant paperwork is listed on the following page.

Submit Dec

Declaration:

 [Click here to select the Declaration](#)

Click on the arrow to expand and make your selection as to who is submitting the application.

Once the form has been fully completed and all requirements have been met, click 'Refresh'.

The 'Submit application' button will appear and allow you to make payment and submit the application.

4.3 Documentation for CPL Applications

CPL Integrated application:

NAME IN E-LICENSING	DOCUMENT REQUIRED
Identification Document	Certified copy of photo ID or photo of pilot holding their ID up to their face
CPL Skills Test	Examiner report form SRG2130(A) or SRG2197(H)
Instrument Rating Skill Test	Examiner report form SRG2131
CPL Instrument Rating Integrated with ATPL Theoretical Knowledge Course Completion Certificate	Form CAA5000
Certified copy of licence for update rating(s)	Certified copy of licence

Licence Rating Summary

Licence Rating: Flight Crew Licence Type Rating (SuperGuppy)

Parent Licence: ATPL (Aeroplane)

Applied: 09 May 2019

Expires: 31 May 2020

Rating Status: Active

Remarks: None

Revalidate this rating

Apply To Amend Rating

Application(s)

Below are the applications associated to this licence rating. You can drill down and obtain more information about a specific application by clicking on the information icon next to the application.

Type	Description	Applied	Status	
Acquire	#10104: Flight Crew Licence Type Rating (SuperGuppy)	09 May 2019	Finalised	

Back

If your rating is on the front of your licence, you will have the option to ‘Revalidate this rating’. This is where you can amend the expiry date of the rating after you have done a proficiency check and had the rating endorsed. No licence will be issued, as this is simply keeping your records up to date.

You can also ‘Apply to Amend Rating’. This may be to remove a restriction or extend the privileges of a rating.

If your rating has expired and is on the back of your licence, the only option you will have is to ‘Reinstate Rating’. This is how you can apply to renew the rating and get it moved to the front of your licence.

Licence Rating Summary

Licence Rating: Flight Crew Licence Type Rating (Piaggio180)

Parent Licence: ATPL (Aeroplane)

Applied: 21 February 2020

Expires: 22 February 2020

Rating Status: Expired

Remarks: None

Apply To Reinstate Rating

Application(s)

Below are the applications associated to this licence rating. You can drill down and obtain more information about a specific application by clicking on the information icon next to the application.

No applications have been submitted yet.

Back

5.1 Revalidate a Rating

When a rating has been signed up in the field (both for revalidation and renewal of a rating on the front of your licence), you must update the expiry date in e-Licensing to reflect this.

To do this, click on 'My Licences and Ratings' and then click on the  next to the relevant licence. This will bring up a list of the ratings on that licence. Click on the  next to the relevant rating.

If your rating is on the front of your licence, you will have the option to 'Revalidate this rating'. This will allow you to enter the details from your proficiency check.

You cannot amend the expiry date for any ratings on the back of your licence. If you think you should be able to amend the rating as it is on the front of your licence but you don't have the option to 'Revalidate this rating', please call our support team on 0330 022 1972.

When you have selected 'Revalidate this rating', you will need to enter details from your proficiency check such as the date of test and Examiner number (all listed on the Certificate of Revalidation page of your licence).

Date of Test: ★

Expiry Date of Rating: ★

Examiners Name: ★

Examiner Authorisation Number: ★

Examiner authorised in the UK by the CAA
 If yes, choose United Kingdom in the list below, else please choose their State of Registration

State of Registration:

The following summarises the renewal or revalidation of this Flight Crew Licence Rating where this records the revalidation of the licence showing the updated validity, it will be necessary to submit a Rating Renewal Application.

I confirm that this records the rating validity entry record on the licence

False Representation Statement
 It is an offence under Art 171 of the Civil Aviation Act 1982 to deceive, or to cause to be deceived, by the false representation or variation of any certificate, or by the omission of any material fact, any person in connection with the issue, renewal or revalidation of any certificate, or to cause to be so deceived, with an unlimited fine or imprisonment for 2 years.

! You have not yet completed this (1.12)

A : Evidence meeting the licence
 V : Evidence has been verified

XII - CERTIFICATE OF REVALIDATION

Rating Certificate Endorsement	Date of Rating Test	Date of IR Test	Valid Until	Examiner's Certificate Number	Examiner's Signature
TRI SK76	05/11/2013	N/A	30/09/2017	CAA0011 Civil Aviation Authority	
AW189/MP/IR	18/03/2015	18/03/2015	30/04/2016	CAA0011 Civil Aviation Authority	
TRI AW189	23/03/2015	N/A	31/03/2018	CAA0011 Civil Aviation Authority	
AW189 MP/IR	3.02.16	3.02.16	30.04.17	123456B	John Smith
AW189/MP/IR	16.03.17	16.03.17	30.04.18	123456B	John Smith

Once saved, the expiry date of the rating will automatically update in your portal.

This information will then be verified by the UK CAA the next time you make a licencing application.

Please be aware that this will not trigger a new licence to be issued – it is simply keeping your licensing records up to date.

Note: You can only update the validity of a rating that is listed as “Active”. Ratings listed as “Expired” are ratings on the back of the licence and cannot be updated in this manner (instead you will need to ‘[Apply to Reinstate Rating](#)’).

Note: You cannot update the validity of an instrument rating on its own. The IR should be attached to another rating and therefore should be updated with that type/class rating.

For example, if you revalidated your IR with your MEP, you should select MEP from the drop-down menu. On the following page you’ll get the option to select it with Instrument Rating.

Important: The first time you log in to your account, the validity of the ratings listed in e-Licensing may not match your licence. You will need to go through and update the validity of any rating that has been signed up in the field so that it matches your licence.

Going forwards, you must ensure all your ratings are kept up to date in e-Licensing by following the ‘Revalidate a Rating’ process every time you have a rating signed up in the field.

5.2 Apply for a New Rating

This option should be used to apply for brand new ratings. Before you can apply for a rating, you will need to have made a licence application or have been issued with a UK licence, but this does not need to have been issued by e-Licensing as your previous licence history will be available in the system.

Before you make an application: the validity of any ratings that have been signed up in the field must be updated manually (see section 5.1).

To apply for a new licence rating, click on the ‘My Licences & Ratings’ section of your portal. Click on the  next to the relevant licence to view the ratings on that licence. Click on the ‘Apply for rating’ button.

The application will now open. Select the ‘Licence’ (e.g. CPL (A)) and type of ‘Rating’ (e.g. Class Rating) from the drop-down menus. Click Next.

Licence Rating

Application Type: Acquire

Licence: EASA CPL(A): Aeroplane

Rating: Class Rating

Depending on the type of licence you are applying for, you will be asked to fulfil a number of requirements specific to that rating.

To fulfil application requirements, you may need to upload experience (see section [10 Add Experience Records](#)) or documentation (see section [9 Upload Documents](#)).

Please note that you can only upload one file per request, so if your document has multiple pages you will need to scan this as one PDF.

For information on what documents need to be uploaded, please visit our e-Licensing webpage at www.caa.co.uk/e-Licensing. Click on the 'Pilots' tab on the left-hand side. Then under 'Documentation', click on the type of application you are trying to make.

Once you have confirmed, uploaded or updated all the information requested for the licence application, click 'Refresh'. The system will crosscheck all documentation available to confirm eligibility.

Once confirmed (all requirements listed are in green and no other warning messages are visible), the 'Submit Application' button will appear.

Please see section [5.5 Example Type Rating Application](#) for more guidance.

5.3 Apply to Amend Rating

This option should be used if you wish to make an amendment to a rating you already hold, such as removing a restriction.

You can also choose this option when the rating being renewed or revalidated is shown as a current rating on page 4 of your licence but you require the CAA to produce a re-printed licence.

Before you make an application: the validity of any ratings that have been signed up in the field must be updated manually (see section 5.1).

To make the application, click on the 'My Licences & Ratings' section of your portal.

Click on the  next to the relevant licence to view the ratings on that licence.

Click on the  next to the relevant rating. Then click 'Apply to Amend Rating'. This will take you to the application where you will need to make selections and upload supporting documents.

Once you have confirmed, uploaded or updated all the information requested for the rating application, click '*Refresh*'. The 'Submit Application' button will appear.

Once you have clicked submit, you will be asked to choose your chosen shipping method. This will allow you to choose between second class post or tracked courier.

Finally, you will be required to make payment via a card payment.

5.4 Apply to Reinstate Rating

This option should be used to renew an expired rating on the back of your licence.

Before you make an application: the validity of any ratings that have been signed up in the field must be updated manually (see section 5.1).

Click on the 'My Licences & Ratings' section of your portal.

Click on the  next to the relevant licence to view the ratings on that licence.

Click on the  next to the relevant rating. Then click "Apply to Reinstate Rating". This will take you to the application where you will need to make selections and upload supporting documents.

Once you have confirmed, uploaded or updated all the information requested for the rating application, click '*Refresh*'. The system will crosscheck all documentation available to confirm eligibility.

Once confirmed (all requirements listed are in green and no other warning messages are visible), the 'Submit Application' button will appear.

Once you have clicked submit, you will be asked to choose your chosen shipping method. This will allow you to choose between second class post or tracked courier.

Finally, you will be required to make payment via a card payment.

-  **Instrument Rating (A) Skill Test - Single-Engine**
No evidence available that meets the minimum requirements. Upload examiner report form SRG2131 + non-UK examiner docs + PBN
• 'Aircraft Type' must be 'Aircraft Class'

6. Changing your personal details

You can change your name, address and personal details yourself in your portal account.

When you log in to your portal, click on 'Personal Details' on the left-hand side.

You can now edit your personal information.

Once you updated your information in your portal, you need to log in to e-Licensing so that your changes pull through. To do this, click on 'Your Services' on the left-hand side and select 'Flight Crew e-Exams and e-Licensing' from the list.

This will log you in to e-Licensing. Your personal information should now update.

If you do not do this step, CAA staff will not be able to see the changes you have made.

If you need your licence reprinting with your new information (and you do not already have an application in progress), you will need to make an application.

Click on 'My Licence Products' and 'Apply for New Licence product'. Select 'Change of Details' from the drop-down menu.

You will need to upload a certified copy of your licence and your ID as part of the application.

7. Applying for a replacement licence

To request a replacement licence, click on 'My Licence Products' and 'Apply for New Licence product'.

Select 'Lost or Stolen Licence' from the drop-down menu.

8. Identification Check

A pilot's identity must be verified before an application is considered complete. As part of the application process, you must choose between two options for an Identification Check.

The screenshot shows a web interface titled "Identification Check". Below the title, it says "Identification Check:" followed by "Currently Loaded: I will submit a certified document to verify my identification". There is a dropdown menu with a downward arrow and the text "Click here to select the type of ID Check". Two options are listed: "I will have my ID checked by CAA or a CAA Certified ATO" and "I will submit a certified document to verify my identification". The second option is highlighted with a blue background.

The ID check can be done by a CAA certified training organisation (ATO), or an applicant can upload a certified copy of their ID.

8.1 "I will have my ID checked by CAA or CAA Certified ATO"

If you choose the first option quoted above, you must have entered your ID details (such as passport number) as part of the portal registration process. These details can be viewed by selecting 'My Profile' then clicking on the  next to the applicable row under 'Identities'.

You must present your original ID document in person to an appropriately qualified person at your ATO. If the document matches the details entered in e-Licensing, the ATO can validate that ID.

Note: Your identity documents must be viewed by an ATO in person before the identity can be validated. You will be unable to submit your application until this step has been completed.

8.2 "I will submit a certified document to verify my identification"

Alternatively, you can upload a certified copy of your ID, or a photo of you holding your ID up to your face. You can find out more in our webpage '[How to get copies of your documents certified](#)'.

9. Upload documents

9.1 Viewing Documents

You can view the documents that have been uploaded as part of an application in the “My Documents” section of your account. Click the  button next to the document in question, then click on ‘View Document’.

You can see the date a document was submitted by looking at the ‘Uploaded’ column.

You can also see the status of the document in the ‘Status’ column. ‘Verified’ means we have accepted the document, ‘Unverified’ means it is awaiting assessment or we have asked you to make a change, and ‘rejected’ means we have rejected the document.

Name	Size	Uploaded	Verified	Expires	Status	
Type Rating (A) Update Rating(s) (Certified licence original submission 23/12/17)	11,751.77 KB	17 January 2018	17 January 2018	-	Verified	
Type Rating (A) Update Rating(s) (SRG1119A excel card detail as uploaded 11/12/17 - Replaced)	497.52 KB	17 January 2018	-	19 January 2018	Unverified	  
ATPL (A) Update Rating(s) (Replaced by TR Update rating upload)	765.10 KB	23 December 2017	-	19 January 2018	Unverified	  
Identification Document (Richard Millard-Smith)	266.14 KB	13 December 2017	17 January 2018	21 April 2018	Verified	
Type Rating Skill Test (Form SRG 1158 & 2199)	5,575.34 KB	12 December 2017	12 December 2017	-	Verified	
Type Rating ATO Course Certificate (Richard Millard-Smith)	263.22 KB	11 December 2017	12 December 2017	-	Verified	

Please be aware that all documents uploaded by you will be listed as ‘unverified’ as they have not been checked by us. Documents will not be checked by us unless you submit a Licensing application. In this case, the documents are checked when we come to assess the application (usually within 10 working days). Documents we accept as part of an application will change to ‘verified’.

Note: Having unverified documents will not stop you from making an application to us.

9.2 Uploading documents as part of an application

To add documents to support the licencing application, click 'Update' next to the document in the application page. This will allow you to upload a file.

Documents		A	V	
	Course Completion Certificate No evidence available.	×	×	
	Skill Test (CPL Skill Test) Not yet verified, never expires.	✓	×	
	Flight Radiotelephony Operator's Licence No evidence available.	×	×	
	IR Course (IR (A) Skill Test) Not yet verified, never expires.	✓	×	

We can accept JPEG or PDF files up to 20MG in size.

You must ensure that all files are clear and legible otherwise they will not be accepted.

Please note that you can only upload one file per request, so if your document has multiple pages you will need to scan this as one PDF.

For information on what documents need to be uploaded, please visit our e-Licensing webpage at www.caa.co.uk/e-Licensing. Click on the 'Pilots' tab on the left-hand side. Then under 'Documentation', click on the type of application you are trying to make.

Forms beginning with a CAA reference (such as form CAA5013) are forms that have been designed specifically for e-Licensing. These forms can be downloaded from our website www.caa.co.uk/e-Licensing. Click on the 'e-Licensing course certificates' link and 'download course certificates'.

e-Licensing course certificates

Course completion certificates, together with other supporting documentation, must be used when making applications on e-Licensing.

Please see the [professional pilot licence](#) section of our website for application guidance and details of exceptions.

You can [download course certificates](#) from our website. Certificates specific to e-Licensing are shown below.

CAA5000	Course Completion Certificate - Integrated Course for issue of Commercial Pilot's Licence
CAA5003	Evidence of UK Examination and Test for Grant of Flight Radio Telephony Operator's Licence
CAA5004	Confirmation of Theoretical Knowledge Course Completion Certificate
CAA5005	MPL Course Completion Certificate
CAA5008	Course Completion Certificate - Modular Course
CAA5009	Course completion certificate for en route instrument rating (EIR)
CAA5010	Certificate of Training or Experience for Grant of Flight Radio Telephony Operator's Licence
CAA5011	IR Course Completion Certificate - Aeroplane/Helicopter/Airship Instrument Rating in a Part-FCL Pilot's Licence
CAA5012	Certificate of English Language Assessment
CAA5013	Hours Confirmation for the issue of an ATPL
CAA5014	Breakdown of Military Hours to be used for the issue of a Flight Crew Licence & or rating.
CAA5018	Instructor Training Course Completion Certificate

9.3 Replacing incorrect documents

You can view the documents you have uploaded as part of an application in the “My Documents” section of your account.

If you realise that you have uploaded the wrong document, or we will not accept the document, you can amend uploaded documents.

To find the document in question, you can view each document by clicking the  button.

Clicking the “Edit this document” button  will allow you to amend your text entries and replace the uploaded document.

Name	Size	Uploaded	Verified	Expires	Status	
Type Rating (H) Reinstatement Update Rating(s) (CPL)(H)	352.70 KB	12 February 2018	-	12 March 2018	Unverified	

Using this method, we will automatically receive a notification in e-Licensing advising us that you have made a change.

Please note that you cannot amend submissions once they have been “verified” or “rejected” by us (see “status”).

9.4 Uploading additional documents

You can also upload additional supporting documents: click ‘Upload New’ in ‘My Documents’.

You will need to select the correct type of document from the drop-down list – please be aware that if you do not select the correct type the document you upload will not link to your application and we will not be able to view it.

We suggest you find the documents you have already provided as part of an application and upload the new document under the same name. Alternatively, you can load a new application and check the requested documents.

The document type is listed first and the name you have given the document appears in brackets.

For example, Type Rating (A) Update Ratings (copy of licence).

“Type Rating (A) Update Ratings” is the type of document and “copy of licence” is the file name you gave it.

Please note that we do not get a notification when you have uploaded new documents in this way. Therefore, if you use this method to upload documents that are needed for an application, you will need to email us at FCLweb@caa.co.uk to notify us.

10. Add experience records

Some fields in the application process request that you fill in records of Experience. Click 'Update' next to an experience entry on the 'Submit Licence Application' page and fill in the requested fields.

Note: flying hours must be entered in whole numbers. The system does not accept decimal points.

Experience		A	V
	Class 1 Medical No evidence available.	×	×
	English Language Proficiency (FRTOL/Flight Examiner) No evidence available. Any of the following would also be accepted as a substitute to this requirement:	×	×
or	English Language Proficiency No evidence available.	×	×
	CPL (A) Flying Experience Integrated with IR Not yet verified, never expires.	✓	×

Any data entered in an Experience field in e-Licensing is saved in 'My Experience'. To list additional records of experiences, click 'My Experience' and 'Add Experience'.

Organisation:
Please enter the organisation's reference number (if known), otherwise the organisation's name

Aircraft Type:
Airbus A300 Basic Model (GE CF6)

Date:
07 September 2016

Duration:
0 hour(s)

11. Saving applications

There is no central place in e-Licensing for saved applications. However, if you reload the same application type, the selections you last made and the documents you uploaded will be saved there until you submit the application.

12. View application progress

To view application progress, go in to 'My Licences' or 'My Ratings' as appropriate.

If the licence or rating shows as "unacquired" it means an application has been submitted and is waiting to be assessed.

If the licence or rating does not appear in the list, no application has been submitted.

Manage Licences						
This screen allows you to apply licences for a single user within the system.						
Type	Number	Licence	Applied	Expires	Status	
	Not yet issued	CPL (A)	11 July 2016	Never	Unacquired	

Double click or click  on the applicable licence application.

Application(s)				
Below are the applications associated to this licence rating. You can drill down and obtain more information about a specific application by clicking on the information icon next to the application.				
Type	Description	Applied	Status	
	Acquire	#598: Flight Crew Licence Type Rating (B737 300-900)	19 January 2018	Processing

13. The application process

Please note that e-Licensing replaces our SRG application forms. Please do not upload an SRG form in to e-Licensing as this will not be accepted.

Although we do not request logbooks as part of an e-Licensing application, we reserve the right to request your original flying logbook at any time.

Your documents will not be 'verified' until your application has been assessed. Please do not chase us to verify your documents.

Our standard turnaround time is 10 **working** days, for all applications.

During busy periods of the year we may go outside this SLA.

All applications are processed in strict date order – regardless of application type or method of applying.

We will only accept expedite requests from your company or training organisation – you cannot submit a request yourself – and only in extreme circumstances. Expedite requests can only be made in writing.

If you are applying for a new rating, please ensure proper use of the temporary certificate. Without exception, we will not expedite any licence issue where the application has not been submitted in time and/or the temporary certified has been abused.

Once a pilot makes an application and receives a new licence through e-Licensing, they must use e-Licensing for all future applications. Paper applications will be cancelled and the pilot asked to apply via e-Licensing

14. Adding funds

You can choose to pay for a service in e-Licensing by adding your card details at the end of every application, or by uploading a bulk amount on to your account.

14.1 Adding funds to an account using a credit card

e-Licensing and e-Exams allows users to add credit to their account by making a card payment using the process outlined below. Note the CAA cannot accept card payments in excess of £25,000.

Click on 'Transaction History' and then 'Credit Account'. Enter the amount you would like to prefund the account with and proceed to the WorldPay payment screen and follow the payment instructions from there.

15. Receipts

You can save and print receipts for applications submitted and exams booked by clicking on 'My Orders'.

You can also download a statement of transactions under 'Transaction History'.

16. Help with your e-Licensing application

Please visit our e-Licensing webpage, which we will keep up to date with FAQs.
